

WOOD POWDER FIRED ENERGY SOLUTION

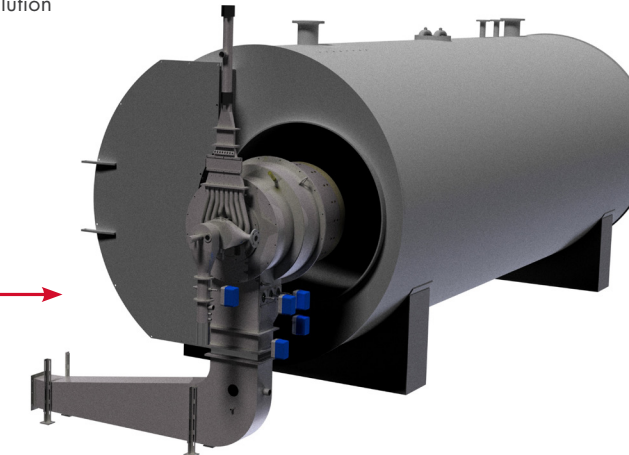

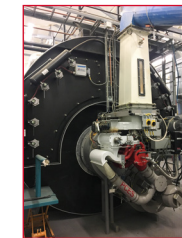

1 WHAT CAN WE OFFER YOU ?

- > 50 years of burner combustion experience !
- CO₂ neutral energy generation solution
- Green field solutions
- Retrofit of fossil fuel fired plants
- Capacities :
5 MW - 10 MW - 15 MW - 20 MW - 25 MW
Retrofit's up to multiple 40 MW burners

2 WHAT'S IN IT FOR YOU ?

- CO₂ emission neutral
- Sustainable fuel supply
- Back up; multi fuel solution

3 WHO ARE YOU ?

Energy users of :

- Steam
- Hot water
- Hot air / gasses

4 WHEN IS THE PETRO BIO SOLUTION IDEAL ?

For energy users with :

- Variable steam (heat) loads
- Frequent start & stops
- Need for retrofit of fossil fuel fired solution
- Limited space
- Need for fuel supply security (multi fuel solution)
- Desire for low OPEX
